GRAND HOTEL TREMEZZO
LAGO DI COMO

SITUATION

- ⦿ A unique setting that combines exclusivity and proximity: this is Grand Hotel Tremezzo. The most beautiful location on the shores of Lake Como, facing directly onto Bellagio, where the two branches of the lake meet, against the rose-tinted backdrop of the Grigne mountains.
- ⦿ A strategic location at the heart of the lake, just an hour's drive from Milan and its airports.
- ⦿ Lake Como is surely one of the most celebrated and beautiful lakes, if not places, in the world. It has long been a magnet of elite international tourism, an obligatory stop on the classic Grand Tour.
- ⦿ Today it remains a hugely popular holiday destination, a must-see for travelers past and present, especially for romantic breaks. The attraction lies in the spectacular scenery, the tiny lakeside hamlets that preserve their traditional charm, the fabulous gardens framing sumptuous villas—former summer homes of the Lombardy aristocracy—and the mild climate enhanced by the vision of snow capped peaks reflected in the glass-like surface of the lake. Above all its ability to continually renew itself while remaining unchanged makes it unique and remains its true secret
